# Autumn Programme 2025

## September 20th - **Innovation and Automation**

**A presentation given by Ian Sadler**

How your garden and house plants are produced in the 21st century including a look at some brand new introductions. A fascinating and truly amazing insight of how commercial nurseries work today

## October 18th - **Beyond the Garden Gate - The Chatty Gardener**

**A presentation given by Mandy Bradshaw**

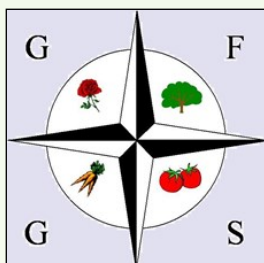

'Beyond the Garden Gate' - my guide to Cotswold Gardens.

This is a look at around a dozen gardens and the stories behind their creation

## November 15th - **AGM & Garden Visiting, a very British Tradition**

**A presentation given by Margie Hoffnung**

A light-hearted look at the many aspects of garden visiting, covering a wide range of topics from stately parklands to small backyards, flower shows, plant mania, giant veg, gnomes, lawn-mowing fanatics and hermits amongst many others
