NEXT MEETING SATURDAY NOVEMBER 21st

The Black Pear Gardening Club

Sharing a love of gardening

Margie Hoffnung and **Sarah Corston** describe how they started **Frog Lane Flower Farm** (froglaneflowerfarm.co.uk).

They take us through the all the "behind the scenes" bits — the successes, setbacks, steep learning curve and other joys of what it takes to bring you fabulous, chemical free, sustainable, seasonal flowers.

Margie Hoffnung qualified with a degree in horticulture at Writtle College after working for Westonbirt Arboretum. She worked for many years with Rosemary Verey at Barnsley House and at Highgrove as a gardener and guide as well as at the Arboretum.

After gaining a masters degree at Bath, she worked as a conservation officer at The Gardens Trust and is a regular speaker on gardening and garden heritage matters.
